

Dealer Opportunities

Why sell vehicle tracking?

- Fleet management market is expected to reach over \$58 billion by 2029
- Offers additional revenue streams for your business
- Synergy with your other products and services

Why sell Rastrac?

- We are an established software and service provider with a solid 30+ year history
- Our technologies are scalable, flexible, and ever-evolving
- We provide real-time web-tracking, stand-alone systems, and client-server systems

Complete onboarding

- FREE training is offered to all Rastrac dealers over the web or at our headquarters in Austin, Texas
- Assigned account manager, project consultant, and project engineer
- Joint marketing available

Platform

Rastrac is continuously evolving and adapting to the changing fleet management landscape to insure that our customers will always have the latest technology with relevant software updates and upgrades. Additionally, the careful selection and extensive testing of our tracking devices has made Rastrac a rock-solid player today and well-positioned for the future of the industry.

Communications

- Rastrac has relationships with all major carriers and can provide all necessary communications services to you
- Alternatively, you may provide your own communications
