

RasTrac Fusion™

Instant fleet visibility across
OEM connected vehicles —
no devices, no installs

Richer, OEM-grade data that
enables smarter, faster fleet
decisions

Scalable coverage across
mixed OEM fleets, including
vehicles previously
unreachable

Lower operational friction by
eliminating hardware,
installation, and recurring
cost.

With OEM Embedded Data, Every Vehicle In Your Fleet Is Visible, Protected, **And** Performing At Its Best. Spend Less Time Worrying About Downtime, Maintenance, And Compliance **And** More Time Keeping Your Operations Moving.
