

RasTrac[®]

RasTrac Fusion[™]

Instant fleet visibility across OEM connected vehicles — no devices, no installs

Richer, OEM-grade data that enables smarter, faster fleet decisions

Scalable coverage across mixed OEM fleets, including vehicles previously unreachable

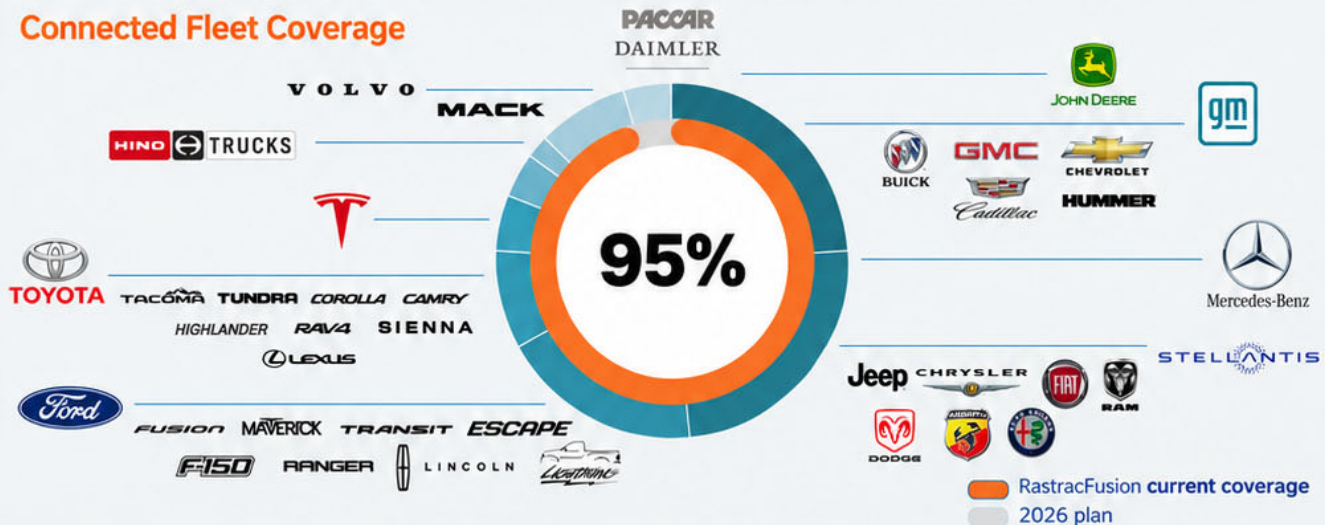

Lower operational friction by eliminating hardware, installation, and recurring cost.

With OEM Embedded Data, Every Vehicle In Your Fleet Is Visible, Protected, **And Performing At Its Best**. Spend Less Time Worrying About Downtime, Maintenance, And Compliance **And More Time Keeping Your Operations Moving.**

RastracFusion covers 95% of connected vehicles in North America
